Re: Three Angels Corporation (TAC)
WIGT(AM), Charlotte Amalie, VI
Facility Identification Number: 87157
Special Temporary Authority (STA)
BESTA-20190306AAZ

Dear Mr. Charles:

This is in reference to the request filed on March 6, 2019. TAC requests an extension of the STA granted on September 7, 2018, to continue operating with reduced power using the shared WIGT/WUVI tower.¹ In support of the request, TAC states that additional time is needed to complete all remaining repairs due to hurricane damage caused in September 2017.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Accordingly, the request for extension of the STA IS HEREBY GRANTED, and TAC may continue to operate with reduced power. TAC must use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. *See* 47 CFR § 1.1310. TAC must submit an e-mail to my attention to certify the date the station resumed licensed operations per BL-20130322AIR with negligible changes.

¹ WIGT(AM) is licensed for ND operation on 1690 kHz with 0.92 kW, day and night.

This authority expires on **September 17, 2019**.

Sincerely,

Joseph Szczesny, Engineer
